# DEVELOPMENT & GROWTH

## OPEN TO PARTNERSHIPS

National and international customers are comprehensively and quickly supported by our employees in a personal and competent manner. In addition to Germany, our sales territories include the Benelux countries, Eastern Europe, Turkey and North America, in which we are present as a result of acquisitions and participations. Present on the market for more than a century, the cooperation already began more than 50 years ago with international collaborations – and since then we have continuously expanded our network by means of partnerships and participations. Here are a few examples from recent history:
